WHAT WE OFFER

What is the minimum rental period?

- Our rental terms are flexible to accommodate different needs. We require a minimum stay of 6 months, but we also offer 12-month leases and long-term rental options for retirees who are looking for extended stays. Let us know what works best for you!

Is there an age requirement to live here?

- Our co-living spaces are designed for expats retirees and seniors aged 55+.

Can I have guests over?

- Yes, visitors are welcome! Guests can spend time in the common areas but are not permitted overnight. Visiting hours are from 11 AM to 9 PM to ensure a peaceful environment for all residents

Are pets allowed?

- Well of course. We are one of the pet-friendly retirement rentals in Puerto Vallarta. We allow dogs under 10 kg (22 lbs) with a required deposit.

What does the all-inclusive plan cover?

- The all-inclusive plan covers utilities, housekeeping, furnished spaces, WiFi, amenities, meals, and an extensive daily activities calendar designed to keep residents engaged, active, and connected. Our calendar is packed with a variety of enriching programs, wellness activities, social gatherings, and community events to create a vibrant and supportive living environment

What kind of medical support is available?

- We do not provide medical care, as our community is designed for fully independent retirees. However, we do offer on-call assistance and emergency support for your peace of mind.

What happens if I need to leave before my lease ends?

- We are not a short-term stay facility but a thoughtfully designed co-living space that fosters community and connection. Due to the boutique and unique nature of our home, we require a six-month minimum stay.

SAFETY

Your safety is our priority! We have gated entry, security cameras, and 24-hour on-site staff to ensure a secure and worry-free living environment. Plus, Puerto Vallarta is voted as the safest beachfront destination in Mexico, offering peace of mind while you enjoy everything this beautiful location has to offer.

TRANSPORTATION

We provide airport drop-off and pick-up services. Public transportation is conveniently located next to the house, and we can arrange a rideshare at a competitive local rate
